## WHO ARE WYCAR LEYS?

**Hollybrook House is the new residential care home for Wycar Leys. Wycar Leys began operating in September 2000 and have carefully elected a team based on their skills, knowledge, vision, and experience, dedication with a true passion for delivering the highest possible quality of care for everyone who chooses to come and live with us.**

We currently have residential care homes in North Nottingham, Nottingham, Burton-on-Trent, and now Doncaster.

All our Residential Homes have built their excellent reputation based upon well established principles of care aiming to deliver an individual Person Centred approach, offering progressive, integrated care pathways for individuals with Learning Disabilities.

All the specialist homes provide quality accommodation, care and support for individuals who need a higher degree of staffing support than is available within standard residential services.

Our goal has always been to enable people with Learning Disabilities, Autism, challenging and complex needs to be part of modern society where everyone is valued and has the opportunity to play their role to the best of their ability.

The service we offer is best demonstrated by our website [www.wycarleys.co.uk](http://www.wycarleys.co.uk) – where “the pictures tell a thousand words”.

## OUR SUPPORT STAFF

**Hollybrook House will have high staffing ratios which will be determined by the assessed needs of the service users who come to live with us. Our commitment to ongoing training and development aims to provide an experienced well balanced care team dedicated to high quality care.**

We are committed to the training and development of all the team members and it is our expectation that all staff will achieve a NVQ qualification in care.

All employees will undergo our robust recruitment process, and must have two satisfactory references and an Enhanced Disclosure check and Independent Safeguarding Authority check by the Criminal Records Bureau prior to an offer of employment being made.

Upon starting, all staff will complete a thorough induction process to familiarise themselves with all the Personal Care Plans for the service users together with our policies and procedures.
